ABOUT

Eric has led high profile finance, strategy and M&A efforts for more than 25 years. He has a track record of navigating Boards and C-Suite through disruption and has proven acumen for restructuring organizations, advising on M&A (pre-deal and post-merger integration) and carve-out transactions, building peak-performing teams and organizations, improving business performance, optimizing margins, and improving top-line results. He is a strategic thinker with a strength of character and passionate spirit to drive value.

REPRESENTATIVE PROFESSIONAL ACCOMPLISHMENTS

Advised various mid-cap and large-cap companies on multi-million M&A and carve-out activity. Major emphasis on value creation, financial performance, cost reduction, talent development, organization restructuring, and post-merger integration

Ran interim CFO and CIO functions for mid-cap companies. Focus areas included M&A and carve-out transactions, growth strategy, cost reduction, project ROI, performance improvement, Board and SEC reporting, internal controls, accounting policies and procedures, IT strategy and effectiveness, IT and HR organization leadership

Advised public and private boards on governance, compensation planning, and CEO succession planning

Advised CEOs and CFOs of public companies on Reductions in Force, vendor optimization, cost reduction initiatives, and organization restructuring, while achieving significant savings
