

# ROOTED

## *in* BUSINESS

No doubt about it, in Texas, the possibilities are endless.

We're a state of dreamers and doers who pride ourselves on working hard, building something from nothing and coming out on top. Starting companies, building brands, bolstering the economy — it's not just a 9-to-5 for Texans. It's part of our DNA.

Just like the great state of Texas, at the University of Houston C. T. Bauer College of Business, our roots in business run deep. Since 1942, we've provided a place for students to get the skills, experience and connections

necessary to lead and launch businesses. Take Edose Ohen, an alumnus of Bauer College's undergraduate and MBA programs. Edose recently opened Glazed — the doughnut café, Houston's first 24-hour gourmet doughnut restaurant, fulfilling his vision of bringing the city a better quality pastry handmade from the finest ingredients, alongside world class coffee.

Our alumni are putting down roots and fueling the state's economy, one business at a time.
